

Weddings & Gatherings at The Legian, The Beach House & The Chedi Club at Tanah Gajah Ubud

For those who romanticize about tying the knot on the Island of the Gods, the uniquely contrasting settings of The Legian, The Beach House at The Legian and The Chedi Club, offer the intoxicating possibility to turn the dream into a reality. These properties hold the essential ingredients for perfect weddings, intimate gatherings, and meetings; offering exemplary personal service, elite facilities and gourmet catering.

The bride and groom can choose to exchange their vows in the environs of a blissful tropical garden against a backdrop of the Indian Ocean, a romantic beach house, or a spectacular inland location encompassed by a panoramic vista of terraced rice fields, lush coconut palms and the mighty volcano, Gunung Agung.

A wedding ceremony at The Legian will commence at the top of the 'Stair of Heaven', a flight of twenty-eight steps, flanked by white parasols, graceful arching bamboo *penjor*, and *umbul umbul*, the tapered Balinese flags. Sweet-scented flower arrangements of white tuberose and frangipani will line every step and, at the sound of a Balinese gong, the bride will be escorted down the stairs followed by eight little Balinese girls in costumes of gold and white. The ceremony will take place to the accompaniment of traditional *Rendik* music and will be followed by a shower of flower petals, a poolside cocktail reception and photographs in front of a legendary Balinese sunset.

An alternative venue for weddings and exclusive events is 'The Beach House at The Legian'. This delightful property rests within a totally private walled garden fronting the sweeping beach with magnificent views of Bali's dramatic coastline. The Beach House blends harmoniously with the contemporary style and quality of The Legian, while at the same time maintaining its own identity. It also features a 16-metre infinity edge pool together with timber decks and an open-sided balé pavilion for relaxing. There is a full service kitchen at the back of the property where international chefs will prepare Champagne brunches and other lavish feasts on the occasions when The Beach House is hosting private events.

The Chedi Club at Tanah Gajah, Ubud, rests within an exclusive estate in a breathtaking rural setting, and cleverly blends the sophisticated elegance and ultimate luxury of its private Pool Villas and Spa Villas with the traditions and romance of the island. The accommodation, with personal butler service, is leisurely spread throughout a substantial five hectares of exquisite gardens, surrounded by an infinite vista of rice fields unbroken by borders or fences. A splendid open venue for weddings of up to 100 guests, the beautiful grounds are dotted with mature trees, lotus ponds, ornamental lakes, and tranquil pavilions that appear to almost float upon the gently swaying fields of rice. The delicious cuisine utilizes the best and freshest ingredients harvested from the resort's own herb and vegetable gardens.
